

Join Ladies Club Travel on a one-day trip to Asheville for a tour of the Biltmore, in her Christmas finery & a visit to Amherst to view awe-inspiring works of glass created by Dale Chihuly.

Dale Chihuly's Big ideas often stretch the limits of glass – his chosen media. Traditional glass factory production was about symmetry; Dale utilizes gravity and centrifugal force to allow molten glass to find its own organic shape instead. His work is defined by asymmetry and irregularity. Color, light, form & space unite to deliver uniquely immersive experiences. Enjoy this novel exhibit of Dale Chihuly's glass art work at your own pace; Self-guided tour.

Biltmore Mansion, finished in 1895, is the largest privately owned house in the United States. Built by George W. Vanderbilt II, it is still owned today by his descendants, and remains one of the most prominent examples of Gilded Age Mansions. Our Candlelight audio/tour will help provide us with a historical understanding of the property's significance. Bonus: Enjoy Decorations!
